

Developing High Potential Employees

DB Associates is an employee training and organizational consulting company; specializing in training for leadership and personal development, ethic's and compliance initiatives and employee performance improvements, including new hire orientation and customer service initiatives.

We blend effective leadership strategies, team building activities and experiential learning behaviors to create a better working environment. Building positive relationships is the Key to Organizational Results. We help professionals explore ways to apply these strategies and techniques to deliver organizational results and manage change.

WHAT WE DO

Provide services and collaboration strategies to meet performance goals and employee training initiatives for business, manufacturing and health care organizations. We use a variety of accelerated learning tools, as well as interactive facilitation methods. Ultimately, participants are engaged, inspired and translate new, highly relevant knowledge into results. Our "Focus on Learners" helps employees adapt and become agents of positive change, improving outcomes in a continuously evolving marketplace.

THE FACILITATOR

Deborah DeNure has over 20 years of training experience. Over the last 15 years, Ms. DeNure has designed and delivered customized training throughout the USA, acted at an independent consultant and motivational speaker. The training services are convenient and can be tailored to the organization needs. Her facilitation experience include key note sessions, focus groups; team building activities, supervisory and leadership development, department re-organization, strategic issues projects, learning design strategies, ethics and compliance standard, sales and customer service projects.

SEE CHANGE IN A WHOLE NEW LIGHT
